Engine oil

SAE 20W-50

9.58075

DT Spare Parts Engine Oil 9.58074 is a high-performance, smooth-running oil for use in engines with and without a particulate filter and catalytic converter from EURO 2 standard. It supports low fuel consumption and is reliable in relation to the cold-start behaviour and lubricity at high temperatures. As a result of the low sulphur, phosphate and ash content, as well as the excellent oxidation and shear stability, it can be used among many modern lorry engines.

Specifications:

- ACEA E9
- Deutz DQC-III-10LA
- Volvo VDS-4.5
- API CK-4 / SN
- Ford WSS-M2C171-F1
- Mack EOS-4.5
- CAT ECF-3
- MAN 3575 und 3275
- Renault VI RLD-3
- Cummins CES 20086
- Jaso DH-2
- MB 228.31
- Detroit Diesel DFS93K222
- Allison TES 439
